DETAILED ACTION

Notice to Applicant

1. A request for continued examination under 37 CFR 1.114, including the fee set forth in 37 CFR 1.17(e), was filed in this application after final rejection. Since this application is eligible for continued examination under 37 CFR 1.114, and the fee set forth in 37 CFR 1.17(e) has been timely paid, the finality of the previous Office action has been withdrawn pursuant to 37 CFR 1.114. Applicant's submission filed on May 22, 2006 has been entered.

Response to Amendments

2. In view of applicant's amendment to the claim, the rejection of claims 1-9 and 32-34 under 35 U.S.C. 112, second paragraph, has been withdrawn.
3. In view of applicant's amendments and arguments filed on May 22, 2006, the rejections of claims 1, 3-9 and 32-34 under 35 U.S.C. 103(a) have been withdrawn.

Reason for Allowance

4. Claims 1, 3-9 and 32-34 are allowed.

The following is an examiner's statement of reasons for allowance: claim 1 recites the transparent-and-opaque pattern prevents the photosensitive resin precursor from being completely resolved by controlling an amount of energy applied to the resin layer during photolithography, and the transparent-and-opaque pattern prevents the recesses from penetrating an entire thickness of the resin layer. These features in

combination with the other elements of the claim are neither disclosed nor suggested by the prior art of record.

Claims 3-9 and 32-34 depend from claim 1, so they are allowed for the same reason.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
